

Bus Charter Request

Please complete the form below and return it by fax to (866) 482-6775.

Charter Bus quotes are based upon mileage, number of participants, driving time and many other factors. In order to provide you with the most accurate quote, it is necessary to know as much about your trip as possible.

Please consider the following factors when making your request:

- It is required to cover the cost of the driver(s) hotel room when traveling overnight.
- Fuel charges may fluctuate from the time of the quote to the date of travel; therefore, prices are subject to change.
- If you will require the bus while in Orlando, it will be necessary to provide the charter company a copy of the anticipated itinerary, including any group movements such as practices and games.
- It is customary to tip your driver (10%) if you deem the service has been acceptable.
- Additional amenities, such as video systems, may increase the cost of your charter.
